The Ciri Foundation

Education Resources Handbook

Financial Aid Tips
Career Information
Scholarships & Grants
Internships

2020 | 2021
Dear Reader:

The CIRI Foundation is a private foundation established by Cook Inlet Region, Inc. in 1982 to encourage the education and career development of Alaska Native original enrollees of Cook Inlet Region, Inc, their direct lineal descendants, and Alaska Native shareholders of Cook Inlet Region Inc. through post-secondary scholarships and grants, internships, and other education projects.

The Foundation publishes the Education Resources Handbook to provide education and career planning information for The Foundation’s beneficiaries as well as for others who are interested in pursuing a successful career after high school.

The handbook contains valuable information to assist in preparing to attend a post-secondary education program including financial aid, internship, fellowship, and training opportunities. In addition, there are reference materials about other educational support services at the post-secondary level.

As we enter 2020, we begin our 38th year of serving our people. The CIRI Foundation wishes you well on your learning journey. We are here to assist you along the path you take to fulfill your educational dreams.

Gunalchéesh,

Susan A. Anderson
Susan A. Anderson, M.Ed.
President/CEO
Former TCF Recipient

Look for these boxes throughout the handbook. They are quotes from TCF Recipients!

Alaska Native Claims Settlement Act (ANCSA)  
Alaska Native Scholarship Programs

With the passage of the Alaska Native Claims Settlement Act (ANCSA) in 1971, Alaska Native communities were organized into several unique entities – many of whom provide scholarship and grant assistance for post-secondary education. Depending on your own family history, you may be eligible for scholarship and grant assistance from one or more of these entities.

It is important to understand the basic structure of these entities and their relationship to each other. Here is a brief description of these entities and how they are related:

**Regional Corporations (The regional “for-profit” entities.)** In general, these entities are the large, regional corporations that were created following the passage of ANCSA in 1971. Alaska Natives who were alive in 1971 had the opportunity to enroll as an individual shareholder into a regional corporation. These individuals are generally considered “Original Enrollees.” These regional corporate entities manage the resources of the region to the benefit of the shareholders. Many regional corporations have created separate foundations or organizations to provide scholarships and grants for post-secondary education.

- Example: Arctic Slope Regional Corporation (ASRC); Bristol Bay Native Corporation (BBNC); Cook Inlet Region, Inc. (CIRI); Doyon, Ltd.

**Regional Associations (The regional “non-profit” entities.)** Since 1971, most of the regional corporations have created separate non-profit entities that are focused on meeting the social service needs for the Alaska Native shareholders of the region. The focus areas for the non-profit entities often include services to meet the health, social service, educational, and housing needs of shareholders. In many regions, more than one non-profit entity was created by the regional corporation to meet these needs. It is important remember that these are separate from the regional corporations, but there is a direct relationship between the entities. Many regional associations provide scholarship and grant assistance.

- Example: Arctic Slope Native Association (ASNA); Bristol Bay Native Association (BBNA); Cook Inlet Tribal Council (CITC); Tanana Chiefs Conference (TCC).

**Regional Education Foundations** Many regional corporations created separate non-profit foundations or organizations to provide scholarships and grants for post-secondary education. These entities have specific eligibility requirements and application deadlines. Eligibility requirements may connect to shareholder status or the relationship of an applicant to an original enrollee of the regional corporation.

- Example: Arctic Education Foundation; BBNC Education Foundation; The CIRI Foundation; Doyon Foundation.

**Village/Tribal Corporations** – In 1971 through the passage of ANCSA, over 270 Alaska Native village corporations were created. Many Alaska Natives alive in 1971 enrolled in a village corporation in addition to a regional corporation. The village corporations manage the resources of the village to benefit shareholders. There may be many different village corporations within a single regional corporation.

- Example: Ukpeagvik Inupiat, Corporation (Utqiaġvik); Choggiung. Ltd (Dillingham); Eklutna, Inc. (Eklutna); and Hungwitchin Corporation (Eagle).

**Traditional/IRA Councils** – The Bureau of Indian Affairs recognizes several unique Alaska Native tribal councils established through the Indian Reorganization Act (IRA) of 1934. The Traditional IRA Councils were created to establish local, self-governance on a tribal basis.

- Example: Native Village of Barrow (Barrow); Curyung Tribal Council (Dillingham); Native Village of Eklutna (Eklutna); and Native Village of Eagle (Eagle).
Planning for Success

Attending college is a big decision. There are many factors to consider and choices to be made. Planning for success takes time. You should ask several questions when developing an educational plan. The *Educational Resources Handbook* is designed to help find the answers.

- Why is attending college or taking post-secondary courses of study worth the effort?
- Which type of school is right for me?
- What do I want to study?
- Where do I find out about funding for school?
- What types of financial aid are available for schooling?
- What other resources are available in planning for post-secondary courses of study or employment?

I: Education Pays

Students often ask, "Is it worth attending college or taking post-secondary courses of study?" In response, consider the following points:

- Higher education degree increases his/her earning potential and job opportunities. In fact, it has been said that based upon lifetime earnings, a person who graduates from college earns more than 60% than those who have only a high school diploma.
- The U.S. Bureau of Labor Statistics projects that the fastest growing jobs will be those requiring high levels of education and skill.
- People with a higher education are less likely to be unemployed than those without one.
- A person who attends college or a trade school develops a particular skill or talent, and their ability to think critically and analytically improves.
- Provides an expanded understanding of the world and its people, thus enhancing a person’s character.
- Provides a greater sense of accomplishment, enhances self-esteem, and contributes to personal self-fulfillment.

The United States Department of Labor provides additional facts and figures in the *Occupational Outlook Handbook*. The Handbook provides information about different jobs, required training and education, earnings, expected job prospects, job description and working conditions. The Handbook also provides job search tips, links to information about the job market in each State, and more. Visit their website at [www.bls.gov/ooh](http://www.bls.gov/ooh).
Choosing the “right” school may be the most important decision in the planning process, and there are several factors to consider when making it. We recommend that you consider talking with people whose opinion you respect during this process.

The National Center for Educational Statistics is a great tool for locating and comparing schools online at https://nces.ed.gov/collegenavigator/. The center provides various statistics for students to utilize in determining which school to go to and the steps one should consider prior to attending college. Students can build a list of schools with side-by-side comparisons, tips on preparing for post-secondary education, and how to prepare for education beyond high school.

Types of Post-Secondary Institutions

Post-secondary education institutions may be classified in the following ways:

**Public Institutions**
Public schools and colleges are funded primarily by state and/or local governments.

**Private Institutions**
Private institutions are privately funded by organizations, individual bequests, and student fees. Generally, tuition is higher at a private school or college than at a public institution.

**Community Colleges**
Community colleges, also known as junior colleges, offer certificate and two-year degree programs. Some offer programs that train for special skills such as dental technology, practical nursing, or diesel mechanics. Many also offer “transfer” programs for those who want to go on to a four-year degree college or university.

**State College and Universities**
Every state has its own four-year institutions, many of which offer advanced programs in business, health, sciences, and law. The schools range widely in size and in type of programs offered. Consult the school’s catalogue for more details. The state, tuition, fees, and donors fund these schools.

**Tribal Colleges and Universities**
Provides access to post-secondary education, accredited degrees, and vocational training for both Indian and non-Indian students. Most are located on or near Indian reservations. Culture and tradition are a part of the curricula. For a list of Tribal Colleges, see pages 48-49.

**Private Junior Colleges**
Junior colleges are funded by private contributions and tuition fees. They do not admit everyone who applies. Programs are usually two-year “transfer” type programs.

**Vocational Training Institutions**
Privately owned or state run training institutions that offer post-secondary training at varying levels. May offer certificates or degrees. Credits may or may not be transferable. These schools are funded by the state, tuition fees, and donors.

**Private, For-Profit Colleges/Universities**
Educational institutions operated by private, profit-seeking businesses. They may offer flexible courses and schedules that are appealing to adult learners and working students. Students enrolled in for-profit colleges who transfer to non-profit colleges should be sure that their credits will transfer from one school to another.

**Online Programs**
Online programs are often structured as self-paced courses and may allow working students to complete coursework on a more convenient schedule. Online programs may open educational access to individuals living in remote areas that lack access to traditional brick-and-mortar schools. They may be available through traditional non-profit colleges and universities as well as for-profit institutions.
Selection Criteria

Evaluate which school or schools may be suitable to your educational goals by considering the following criteria:

- What is the total cost of tuition, supplies, other required fees, and books?
- Does the school offer the academic program or classes that will (a) prepare you for a career and (b) satisfy your learning interests? Does the school provide adequate student support services – academic counseling, tutoring, close teacher-student interaction, work experience, extra-curricular activities (sports, drama, music, etc.)?
- Is the size of the school (and class size) suitable to your preferences?
- Are the courses of high quality? Will they adequately prepare you for the field? Will the credits transfer to other institutions? Is the curriculum up-to-date?
- Is the location of the school satisfactory?
- What is the school's graduation rate? What is the school's dropout rate?
- What measures are taken to ensure the safety of the students?
- Is there campus housing and meal programs? What does it cost?
- What is the school’s atmosphere regarding a diverse student body?
- To what extent does the school offer student financial aid?
- Does the school have a placement service for its graduating students? If so, how does it assist the student in finding employment?
- Is the institution accredited by an accrediting agency recognized by the United States Department of Education?
- Is the school authorized to operate? The authorizing agency in Alaska is the Alaska Commission on Post-secondary Education.

III: Which Program of Study is Right for Me?

Students enrolling in a post-secondary education program have to make important decisions regarding their ultimate educational and career goals. There are a number of degree program options to consider when thinking about your future career and your personal commitment to your own education. When making a decision to pursue a specific degree program, you should consider your own unique situation and assess your personal level of interest, available funding for your education and the time required to complete the coursework. Your future career goals may also give direction to what degree(s) you should pursue.

- Career Diploma/Certificate: In general, approximately 2-9 months to complete.
- Vocational Training Program: Approximately 2-18 months to complete.
- Associate Degree: 2-year degree program.
- Bachelor’s Degree: 4-year degree program, although some institutions may allow you to have it done in less time.
- Master's Degree: 1-3 year degree program after earning a Bachelor's Degree.
- Doctoral Degree: 7-9 year degree program after earning a Bachelor’s Degree.

IV: What Do I Need to Do?

For prospective students, the following steps will provide an idea of the timeline and steps required to plan for attending college.

The important and consistent fact is that it takes TIME to prepare to enroll in a degree program in college, in occupational training, or in selected courses of study. Below is an example of a planning cycle for anyone who wants to make the most of the opportunities in preparation for attending college.

**Note:** Keep an eye out for college preparation and scholarship programs that are offered based on participation in junior high and high school programs. Review *High School Education and Scholarship Programs* in this handbook.
What to Do and When to Do It

**March – June**
- If you are in high school, talk to school counselors and parents about the financial aid required for your college experience and consider taking an SAT II Subject Test.
- Create a free Alaska Career Information System (AKCIS) portfolio and use it to explore career options, colleges, programs of study, and ways to pay for college. Visit here: [https://www.acpe.alaska.gov/PLANNING/AKCIS](https://www.acpe.alaska.gov/PLANNING/AKCIS)

**Summer**
- Consider doing volunteer work, internships, or getting a job. If you are a high school student, consider taking summer school courses to boost your GPA or to get ahead in your studies.
- Consider taking a course to prepare for the SAT.

**September – December**
- Attend college fairs, open houses, and programs about college admissions. Get a “feel” for the different colleges and take tours, if possible.
- Identify the criteria important for you in selecting which school to attend (ex. Is the availability of certain clubs or programs a must-have?). Gather specific information (catalogues) about colleges of interest to you and the availability of financial aid.
- Review your grades with a guidance counselor to get an idea of how selective your college choices may be.
- If you are in high school, obtain leadership experience by joining clubs or taking part in school activities.

**February – May**
- If you are in high school, register for the spring SAT 1 or ACT.
- Make campus visits and interview the faculty, admissions staff, and students. Attend college fairs.
- Request college application forms from colleges you are interested in.
- Take the SAT II Subject Test.
- If you are interested, request ROTC program or U.S. military academy applications.

**September – October**
- Research deadlines for scholarships, grants, admissions applications, and financial aid. Create a calendar to make sure you apply on time.
- Submit applications.
- If you are in high school, get test schedules for SAT, SAT II, ACT, and I. Note deadlines and dates.
- Prepare personal essays, resumes, and request teacher recommendations for your personal portfolio.
- Complete/submit early decision and early action applications. Most deadlines for these are November 1st. Keep copies of your applications.
- Narrow list of potential colleges and discuss your options with parents and guidance counselors.

**November – December**
- Research financial aid that you may be eligible for.
- Complete/submit college applications for regular deadlines.
- Get/submit major financial aid application forms.
- Complete/Submit financial aid forms such as the FAFSA (Free Application for Federal Student Aid).

**January**
- Complete/Submit state aid application. State of Alaska loans take 2-3 months to be processed.
- Contact your high school guidance office and potential post-secondary institutions to identify any special scholarships/grants that you may be eligible for.
- Contact Tribal and Alaska Native non-profit organizations to find out whether you may be eligible and request applications. Search other Native American/American Indian scholarships that you may be eligible to apply for.

**March – May**
- Receive acceptance/rejection letters from schools you have applied to, and discuss your options with guidance counselors and parents.
- Make a decision on which school to attend.
- Send acceptance letter to the school that you plan to attend by the school’s deadline.
- Submit your scholarship application to The CIRI Foundation and/or other sources of financial aid funding.
- Take the Advanced Placement (AP) Tests.
- Request/send final official transcripts to the school you plan to attend.

**June – August**
- Attend freshmen orientation camp/sessions.
- Make payments by deadlines.
- **Begin school!**
V: What is Financial Aid?

Financial aid, in its simplest definition, is financial assistance intended to aid students in reaching their educational goals. This assistance may come in a variety of forms such as grants, scholarships, work-study, and loan programs.

Types of Financial Aid

Financial aid is defined as scholarships, grants, loans and work-study that provides money for a student to attend college or obtain technical skills training. There are six types of financial aid a student may be eligible to apply for.

1. Grants
   “Gifts” of money that do not have to be paid back.

2. Scholarships
   Grants of money to students based upon the particular eligibility requirements of the scholarship program. Scholarship programs may be based primarily upon academic achievement, financial need, or both.

3. Tuition Waivers
   The tuition requirement is “forgiven” by the institution; the student does not have to pay any or only a portion of the tuition cost.

4. Work-Study Programs
   Provides the student the opportunity to work and earn money for schooling. Available through most colleges.

5. Special Discounts
   The school may offer special discounts based on criteria determined by the school.

6. Loans
   Borrowed money that must be repaid with interest by the student. The federal and state governments have student loan programs as well as lending institutions such as banks, credit unions, and savings and loan associations.

VI: Financial Plan for School

The following are items students will need to know when calculating the cost to attend college.

1. Cost of Attending
   This includes tuition, required fees, books, supplies, on-campus housing, and on-campus meal plans (if living away from home).

2. Expected Family Contribution
   This is the amount of funds the student will have to pay for the cost of attending the school including student’s personal contribution and parents’ contribution. This figure comes from the FAFSA.

3. Financial Need
   This is the difference between the Cost of Attending School and the Expected Family Contribution.

Cost of Attendance at School

The cost to attend college or other post-secondary education schools is made up of several expenses for which student financial aid may be available. They include the following:

1. Direct Education Costs: Tuition, fees for registration, parking, lab requirements, books, and supplies.

2. Indirect Education Costs: Room rent, meals, personal expenses, transportation, etc.

Through continued collaboration and development, we can successfully work together for the betterment of the Alaska Native and broader community during these rapidly changing economic times.
Financial Need

Suggested procedure to aid students in preparing a financial plan for college:

1. Determine where you will attend college.
2. Determine the cost of attendance for the college.
3. Determine the total funding resources available from you, the student, and/or your parents.
4. Identify funding resource opportunities to offset your financial need.
5. Obtain and complete applications for student federal financial aid, scholarships, and grants. Consider applying for work-study. Then, ONLY IF ABSOLUTELY NECESSARY, consider applying for a student loan from the federal and/or state programs or private lenders such as banks, credit unions, or savings and loan associations.
6. Keep a copy of all of your applications for your files and send the completed application for processing by the funding agency or organization.
7. Contact the funding source/s about the status of your application/s.
8. Report the outcome of your financial aid to the school through the financial aid office in order to keep your education expense account current. Keep track of all the funding assistance you receive.
9. Consider vacation-time employment or other temporary work to build up personal earnings/savings for the next term of schooling.
10. Keep personal records of your financial aid awards. The 1986 Federal Income Tax Law categorizes the amount of scholarship awards used for the cost of room and meals as taxable income which must be reported by the student on his/her income tax forms filed with the Internal Revenue Services (IRS). Visit www.irs.gov for more information.
11. Investigate education tax credits for which you may be qualified for on your annual IRS income tax form.

Formula for Financial Need

Financial “Need” is calculated as: Cost of Attendance - Expected Family Contribution = Financial “Need”.

The Financial “Need” must be solved by the identification of additional resources from grants, scholarships, work-study, and loan programs in order to pay for the cost of attending college. A sample budget format is shown in the chart below. Students may want to follow it in order to calculate educational cost of attendance, expected family contribution and financial need.

VII: Where Do I Find Out About Funding?

There are several ways in which students can find out about financial aid to attend college or to take post-secondary courses of study. **Check on all of them!**

- National Educational Opportunity and TRIO Centers funded by the U.S. Department of Education: in Alaska, contact TRIO Student Support Services, 3211 Providence Dr., Eugene Short Hall Suite 207, Anchorage, AK. Call (907) 786-1380 or visit: uaa.alaska.edu/students/trio-programs/
- Contact the nearest college student-counseling or financial aid office to find the Center nearest to you.
- High school student guidance counselor or counseling centers at your school.
- Financial aid office of the school or college where you are interested in attending.
- Grants and loans from a state higher education agency (see pages 12-13 for Alaska).
- Many Native organizations and foundations, such as The CIRI Foundation, Cook Inlet Tribal Council, Inc., and tribal governments, have scholarships and/or grants.
- Go to the public library, look in the reference section on college financial aid or ask a librarian.
- Many companies and labor unions have scholarship programs for their employees, family members, or other students with financial need- check on those you and your family is affiliated with.
- Other foundations, religious organizations, fraternities or sororities, and clubs such as YMCA, American Legion, 4-H, Kiwanis, Jaycees, Chamber of Commerce, churches, etc..
- Organizations in your career field, such as: American Bar Association, American Medical Association, and National Educators Association.
- Look for products related to your career field. As an example, a healthcare professional may be eligible for opportunities with The Tylenol Future Care Scholarship program [www.tylenol.com/news/scholarship](http://www.tylenol.com/news/scholarship).
- Search online using keywords. Searches can include many words or phrases. Be as specific as you can. Some examples include:
  - Alaska Native financial aid
  - Alaska Native American Indian scholarship grant
  - Alaska Native American Indian scholarship grant education
  - Alaska Native (specific tribe) scholarship
  - Alaska Native scholarship grant (career field)
  - Free database financial aid 2020
  - Free scholarship grant database

Education Information & Scholarship Databases

In addition to the aforementioned methods of finding out about financial aid, here are some websites that may help you learn more about funding your education, find additional opportunities, or getting help with the transition to college.

**Alaska Native Student Network**  
[fb.me/ANStudentNetwork](http://fb.me/ANStudentNetwork)  
Visit the Alaska Native Student Network on Facebook, a portal created on behalf of the ANCSA Education Consortium to provide a place for Alaska Native students and prospective students to start networking and share one another's experiences.

**Bureau of Indian Education**  
[www.bie.edu](http://www.bie.edu)  
Guide provides links to scholarship programs for American Indian and Alaska Native students in higher education. Amounts, deadlines, and eligibility requirements vary- check websites for details.
Chegg
www.chegg.com and www.chegg.com/scholarships
Chegg has discounted textbooks, tutors, and study tools available for students in addition to connecting applicants with online scholarship opportunities.

The Chronicle of Higher Education
www.chronicle.com
News and job information for college and university faculty members, administrators, and students is available online or in print.

College Choices for Adults
www.collegechoicesforadults.org
Blog provides information online and competency-based program to assist with determining whether the program will match professional and personal goals.

COLLEGEdata
www.collegedata.com
Choose, prepare, apply, and pay for college with advice and tools from CollegeData. After registering you have access to all CollegeData features and tools, including College Match, Scholarship Finder, College Net Cost Calculator, and Data Locker.

Degreed.com
www.degreed.com
Provides tools to track learning across multiple platforms and maximize skills that are necessary for completing one’s education and finding work.

Educational Testing Service
www.ets.org
ETS’s mission is to advance quality and equity in education for all people worldwide through large-scale standardized testing. ETS also sells study guides for standardized tests like the GRE, PRAXIS, and TOEFL.

FAFSA
studentaid.gov/h/apply-for-aid/fafsa
Electronically submit the Free Application for Federal Student Aid (FAFSA). All students interested in financial aid for college should complete this form. Completion requires tax information or estimates from the prior-prior tax year (two years ago). The FAFSA can be completed in October for the following fall semester.

FinAid! & FastWeb
www.finaid.org and www.fastweb.com
Comprehensive site dedicated to providing guidance on financial aid to students and parents; including a scholarship search database with over 1.5 million opportunities.

GoCollege
www.gocollege.com
GoCollege is one of the oldest and most trusted online resources to guide students on how to finance and succeed in college. Includes information on types of colleges, admissions tips, and guides to figuring out how to pay for school.

Good Call
www.goodcall.com/scholarships
Provides college, career, financial aid, and financial literacy services for students, and families; also includes a searchable scholarship database with filters for application difficulty, deadline, and competitiveness.

Kaplan, Inc.
www.kaplan.com
Provides test preparation materials and programs for a wide variety of standardized tests.

KnowHow2GO
knowhow2go.acenet.edu
User friendly site helps students prepare for college beginning in middle school, provides information about college, how to apply to a school and pay for it.

Mapping Your Future
mappingyourfuture.org
Provides college, career, financial aid, and financial literacy services for students, families, and schools. Materials are from credit counseling organization Money Management International.

The Princeton Review
www.princetonreview.com
Provides test preparation materials and programs for a wide variety of standardized tests, plus a college search database to help students research schools.

QuestBridge
www.questbridge.org
Connects high-achieving, low-income students with admission and full scholarships to 38 partner colleges, and offers several scholarship and scholar programs.

Scholarships.com
www.scholarships.com
An online database where you can browse available scholarships according to unique features, such as scholarships aimed at diversity or by major or program.

U.S. Department of Education
www.ed.gov
Find funding opportunities, financial aid information, plus research and statistics on U.S. education.

University of Alaska Anchorage
uua.alaska.edu/students/financial-aid/scholarships/
Lists various scholarship information and links to the websites. Includes tips for writing personal profile scholarship essays.

USNews.com
www.usnews.com/education
Provides information about America’s best colleges of the current year, as well as tools and articles to help prepare for college.
Student loans should be taken out with care because they are one form of debt that cannot be discharged through bankruptcy proceedings. However, with planning, student loans are investment in your future and can be used to make higher education possible. Work with your school’s financial aid office to understand all loan terms and conditions.

Alaska Commission on Postsecondary Education (ACPE) | acpesecure.alaska.gov
ACPE provides low-cost student and family education loan programs in addition to an education grant. All of these programs were formerly listed as “AlaskaAdvantage.” ACPE updates programs annually- deadlines vary. Check website for current information.

- **Alaska Advantage Education Grant**
  A need based grant for qualifying Alaska residents pursuing undergraduate study at participating post-secondary institutions in Alaska. Must complete FAFSA prior to June 30.

- **Alaska Advantage Loan Programs**
  - A.W. “Winn” Brindle Memorial Education Loan
    A loan for full-time graduate or undergraduate students pursuing education in a fisheries related field. Forgiveness provisions may apply.
  - **Alaska Family Education Loan**
    An education loan for family members assisting students with the costs of an eligible collegiate or vocational program.
  - **Alaska Supplemental Education Loan**
    A low cost education loan for students attending a participating collegiate or vocational school at least half-time in Alaska, or for Alaska residents attending outside Alaska.
  - **Alaska Teacher Education Loan**
    A loan for Alaska high school graduates (or GED) interested in pursuing a teaching career in rural communities. Forgiveness provisions may apply. Only available to nominations submitted by rural school districts.
  - **Michael Murphy Education Loan**
    A loan for students pursuing undergraduate study in a law-enforcement field.

**Professional Student Exchange Program**
- Eligible applicants must be enrolled at an eligible institution in one of the following fields of study: dentistry, occupational therapy, optometry, physician assistant, podiatry, pharmacy, physical therapy.

With the loan program, the student pays resident tuition and the students’ home state pays an additional support fee to the institution. Alaska students are individually responsible for paying tuition and the support fee. ACPE finances the support fee costs in the form of a PSEP loan, which the student must repay upon completion of the program of study.

**U.S. Department of Education Direct Loans**
www.studentaid.gov
Direct Loans are low-interest loans for students and parents to help pay for the cost of student’s education after high school. The lender is the U.S. Department of Education, rather than a bank or other financial institution. The Direct Loan program offers subsidized, unsubsidized, PLUS, and consolidation loans. Apply by completing FAFSA.

**WWAMI Medical Education Program**
Ph: (907) 786-4789
Alaska Program: uaa.alaska.edu/academics/college-of-health/departments/wwami/  
Washington Program: education.uwmedicine.org  
The WWAMI Program (Washington, Wyoming, Alaska, Montana, and Idaho) provides access to medical school for residents of these states. Admission as a first year medical student by the University of Washington School of Medicine is a pre-requisite. Alaska WWAMI students pay resident tuition at the University of Washington School of Medicine for all four years of the program. Students apply to University of Washington School of Medicine; upon admission, Alaska’s WWAMI students complete their 1st year of medical school at the University of Alaska Anchorage.

Remember to check with your university’s financial aid department for any scholarships that they may offer, and check with the department of your major for additional, more specific, opportunities. Check often- new opportunities may be added throughout the year!
IX: Federal Student Aid

Federal Student Aid Programs
Financial aid packages likely include funds from federal student aid programs such as: Federal Pell Grants, U.S. Department of Education Direct Loans, Campus-Based Programs, Federal Supplemental Educational Opportunity Grants, Federal Work Study, and the Perkins Loans. These programs are administered by the U.S. Department of Education for students attending post-secondary schools. Important Note: Not all schools participate in all federal student aid programs. Check with the school’s financial aid office to ensure the school participates in the federal program(s) if applying for aid.

Free Application for Federal Student Aid (FAFSA)
Ph: (800)433-3243 | TTY (800) 730-8913
FAFSA Form: studentaid.gov/h/apply-for-aid/fafsa
Federal Student Aid Help: studentaidhelp.ed.gov
To apply for financial aid from federal-based education grant programs, students must complete an application form called the Free Application for Federal Student Aid (FAFSA). A student may apply online at the U.S. Department of Education website. Students can obtain a FAFSA application form from their school or from the Federal Student Aid Information Center. The FAFSA application is also used to determine a student’s eligibility for federal student grants, work-study aid, and loans. The application is also used to determine eligibility for most state and some private aid.

Tax Credits
IRS Tax Benefits for Education: irs.gov/newsroom/tax-benefits-for-education-information-center
There are two education tax credits available, the Lifetime Learning Credit and the American Opportunity Credit. The credits are based on education expenses paid for the student, student’s spouse, or dependents. During any particular year, students can only claim one of the credits. The amount of the credit is determined by the amount paid for “qualified tuition and related expenses” for each student and the amount of the student’s modified adjusted gross income (modified AGI).

State/School Programs
The school’s financial aid office is the best place to begin searching for free information. The financial aid administrator can provide information about student aid available from the state, the school itself, and other sources. The school is required to provide information about their financial aid procedures and deadlines, plus how and when awards are disbursed by the school. Be sure to read and understand the school’s and the financial aid provider’s satisfactory academic progress policy and keep copies of the enrollment agreement, the school’s catalog, and all financial aid documents (especially loan documents) received.

Free information about federal, state, school, and private student aid is available at the local library’s reference section (usually listed under "student aid” or “financial aid”). Student aid information may also be available from foundations, religious organizations, community organizations, and civic groups, as well as organizations related to the educational or professional field of interest, such as the American Medical Association or American Bar Association. Students can also check with their parents’ employers or unions to see if they award scholarships.

Alaska Native Federal Organizations

The federal government has several programs that are available to citizens and permanent residents of the United States as well as scholarship and grant programs for Alaska Natives and other Native Americans offered through the Bureau of Indian Affairs.

Bureau of Indian Affairs
Bureau of Indian Education (BIE)
3601 C. St., STE 1100, Anchorage, AK 99503
Ph: (907) 271-1536 | (800) 645-8465 | F: (907) 271-3678
www.bia.gov
Bureau of Indian Affairs (BIA) scholarship and education grant programs are funded by federal funds and may be available through the Alaska Native non-profit organizations. Students are eligible to apply through the village tribal council in Alaska where they are a member or a descendant of a member. If the organization does not manage a federally funded BIA scholarship and education grant program, contact the BIE in Anchorage for a list of Higher Education Contractors in Alaska to find out which organization to apply with.
X: Undergraduate Scholarship Programs and Alaska Native Education Foundations

There are student financial aid programs and special opportunities available throughout Alaska specifically for Alaska Native students. The programs may or may not have an Alaska or regional residency requirement. Eligibility may depend upon the student’s tribal membership or relationship as a Native enrollee/descendant or shareholder of a Regional, Village Corporation or Tribal Council formed as a result of the Alaska Native Claims Settlement Act of 1971.

You must request the scholarship and grant guidelines and application forms directly from the organization to determine whether you are eligible to apply. This handbook contains many resources with contact information; however, you should contact any organizations that you are affiliated with to see if there are additional scholarships that you can apply for.

Note: Check with the village corporations and village tribes in all the regions you are associated with for additional funding opportunities available to you.

I would like to help create a culture of learning and establish preventative care guidelines in the rural areas. Education is key to making positive changes in the world. My education is part of the key to be able to unlock barriers to provide basic education to the next generation of our people.
The CIRI Foundation

The CIRI Foundation (TCF) is a private foundation established in 1982 by the ANCSA Corporation Cook Inlet Region, Inc. (CIRI) Board of Directors. The mission of The CIRI Foundation is to promote individual self-development and economic self-sufficiency through education and maintain pride in culture and heritage among Alaska Natives who are original enrollees of Cook Inlet Region Inc., their descendants, and Alaska Native shareholders of CIRI.

The major goal of TCF is to encourage the education and career development of the Foundation’s Alaska Native beneficiaries through post-secondary scholarships and grants, as well as research and other education projects. Eligible Scholarship and Grant applicants may now apply via the Foundation’s online Scholarship and Grant Application portal located at www.thecirifoundation.org.

A second goal is to perpetuate and enhance the heritage of Cook Inlet region’s Alaska Native people through programs that foster appreciation and understanding by the general public. As part of its mission, TCF strives to support continued living traditions through selected heritage publications and media productions that enhance appreciation and understanding of Alaska Native cultures among all people.

The CIRI Foundation has been supporting the educational dreams of our people since 1982. In that time, The CIRI Foundation, with its partners, has contributed more than $35 million for the Alaska Native beneficiaries of CIRI to participate in post-secondary education. More than $3.5 million has been granted through TCF Education and Heritage Project Grant programs toward other non-profit and tribal organization projects that further the goals of the Foundation by serving our people, Alaska Natives, and Alaskans.

Private sector contributions are the primary source of funds for the programs and administration of the Foundation. The major source of private sector funds is derived from earnings from the Foundation’s several endowments, of which CIRI is the primary contributor.

Please contact The CIRI Foundation or visit the Foundation’s website at www.thecirifoundation.org for additional information about the Foundation’s programs and publications. Eligible applicants may also apply online via the Foundation’s online Scholarship and Grant Application located at www.thecirifoundation.org.
The CIRI Foundation Programs Eligibility Summary

The CIRI Foundation Scholarship, Fellowship, Grant, and Internship Programs
Eligible applicants are original enrollees of Cook Inlet Region, Inc. (CIRI) and the direct lineal descendants of original enrollees of CIRI who are either natural or legally adopted children, grandchildren, etc. of an original enrollee as provided in the Alaska Native Claims Settlement Act of 1971; funding is available for Alaska Native, voting shareholders of CIRI that are not original enrollees or direct lineal descendant through TCF’s Raven Fund.

Village Scholarship and Education Grant Programs
TCF administers non-BIA funds toward post-secondary education to Alaska Native original enrollees and their direct lineal descendants of Eklutna, Inc. and Salamatof Native Association, Inc. (including spouses for SNAI only) as well as for original enrollees of Ninilchik Native Association Inc., their direct lineal descendants, and Alaska Native NNAI shareholders.

Education and Heritage Project Grant Programs
Project Grant funding is available to support projects that affect and/or involve Alaska Native beneficiaries of Cook Inlet Region, Inc. and further the Education and/or Heritage goals of The CIRI Foundation. Project Grants may be made to: non-profit organizations, tribal organizations, and individuals sponsored by a non-profit organization who are Alaska Native original enrollees to Cook Inlet Region, Inc. or their direct lineal descendants.

The CIRI Foundation Scholarship & Education Programs

The CIRI Foundation - New address as of June 6, 2019
3201 C Street, STE 506 Anchorage, AK 99503
Ph: (907) 793-3575 | (800) 764-3382 F: (907) 793-3585
www.thecirifoundation.org | tcf@thecirifoundation.org

The following is a listing of the programs administered by The CIRI Foundation. Contact TCF to request additional information and guidelines or visit TCF’s website at www.thecirifoundation.org.

*All TCF scholarship and grant programs are subject to available funding*

TCF General Scholarship Program
Available to original enrollees of CIRI and the direct lineal descendants of original enrollees of CIRI. Must have a high school diploma or GED. The CIRI Foundation determines award classification. Students will need to only submit one application by the prescribed deadline listed below.

- **General Scholarship** Must have a high school diploma or GED and be accepted or enrolled full-time or part-time in a 2-year or a 4-year undergraduate or graduate degree program. Students must apply online and have a minimum 2.5 GPA. Up to $6,000 per academic year for full-time enrollment and up to $5,500 per academic year for part-time enrollment. Deadline: June 1.

- **Mid-Year General Scholarship Award** For eligible scholarship applicants beginning Winter/Spring term. Provides funding to support one (1) semester/term. Students must apply online and have a minimum 2.5 GPA. Up to $3,000 per term for full-time enrollment and up to $2,750 per term for part-time enrollment. Deadline: December 1.

- **Achievement Annual Scholarship** Competitive merit scholarship for applicants with minimum 3.0 GPA for consideration. Accepted and enrolled full-time in a 4-year undergraduate degree or graduate degree program. Up to $8,000 for one academic year. Deadline: June 1.

- **Excellence Annual Scholarship** Competitive merit scholarship for outstanding academic and community service experience. Minimum 3.5 GPA for consideration. Accepted and enrolled full-time in a 4-year undergraduate degree or graduate degree program. Up to $10,000 for one academic year. Deadline: June 1.

- **Special Excellence Annual Scholarship** Competitive merit scholarship for exceptional academic experience and outstanding community service. Minimum 3.7 GPA. Accepted or enrolled full-time in a 4-year undergraduate or graduate degree program. Preference is given to the fields of business, education, math, sciences, health services, and engineering. Up to $20,000 for one academic year. Deadline: June 1.

Designated Endowments and Named Funds Awards
The CIRI Foundation manages several designated endowments and named funds. These funds were established by community members to celebrate individuals and recognize specific accomplishments. Eligible applicants are original enrollees of CIRI and the direct lineal descendants of original enrollees of CIRI.

For designated and named funds awards: Applicant must have a high school diploma or GED and be accepted or enrolled full-time in a 2-year or 4-year undergraduate or graduate degree program. Minimum 2.5 GPA unless otherwise specified (many awards have specific GPA requirements). The CIRI Foundation determines award classification.
Note: Higher award annual scholarships are only available for consideration at the June 1 deadline.

Students need to submit only one application by the prescribed deadline to apply for these, The CIRI Foundation Scholarship and Grant Application. Visit The CIRI Foundation website for additional information.

- Cap Lathrop Endowment Scholarship (separate paper application required)
- John N. Colberg Endowment Scholarship Fund
- Roy M. Huhndorf Endowment Scholarship Fund
- Peter Kalifornsky Memorial Endowment Fund
- Keck/Westmin Endowment Scholarship Fund
- Carl H. Marrs Scholarship Fund
- Lawrence Matson Memorial Endowment Scholarship Fund
- Kirby McDonald Education Endowment Scholarship Fund
- Jason Moore Scholarship Fund
- William D. Phillips Scholarship Fund
- Margaret L. Brown Scholarship Fund

**TCF Vocational Training Grant Program**
Available to original enrollees of CIRI and the direct lineal descendants of original enrollees of CIRI. Must have a high school diploma or GED. Minimum 2.5 GPA. Must be accepted or enrolled part- or full-time in a technical skills certificate or vocational training program. Up to $5,500 during a calendar year. Deadlines: March 31, June 1, June 30, September 30, and December 1.

**Jump Start Awards**
Available to direct lineal descendants of CIRI original enrollees who are concurrently enrolled as a high school student enrolled or accepted into a recognized or accredited “Running Start” college, training program, or other similar authorized post-secondary education course of study that allows students to concurrently and simultaneously earn high school and post-secondary credits. Must have a 2.5 cumulative GPA or higher. Paper applications become available online approximately 30 days before the deadline. Award: up to $2000 per calendar year. Deadlines: March 31, June 30, September 30, December 1.

**Restart Awards**
One term of funding
This award is designed for applicants who are pursuing post-secondary education (degree-seeking or vocational training), but do not meet the required minimum 2.5 cumulative GPA requirement and have not attended school in more than 5 years. To qualify an applicant must: be a CIRI original enrollee or direct lineal descendent, have a high school diploma or GED, be enrolled in an accredited institution, and show a strong commitment to higher education and meeting TCF’s requirements in the future. Deadlines: March 31, June 1, June 30, September 30, and December 1.

**Kick Start Award**
One term of funding
If you are a first-time, post-secondary applicant to The CIRI Foundation and do not have a high school cumulative GPA of 2.5 or higher, then you may be considered for a Kick Start Award. This is a one-time award and subject to available funds. Available to original enrollees of CIRI and the direct lineal descendants of original enrollees of CIRI. Applicants must have a high school diploma or GED and be accepted or enrolled in a degree-seeking, vocational training, or certificate program. Up to $2,000 for one (1) educational term as defined by TCF. Deadlines: March 31, June 1, June 30, September 30, and December 1.

**Raven Fund Award (Paper Application)**
Provides limited funding to CIRI, Alaska Native, voting shareholders *who are not original enrollees or their direct lineal descendants*. The Raven Fund offers general scholarships and vocational training grants to qualified applicants. If interested, request an application from TCF. Deadlines: March 31, June 1, June 30, September 30, and December 1.

**Fellowship Grant Programs**
Available to original enrollees of CIRI and their direct lineal descendants. Must be at least 18 years of age; should have a high school diploma or GED. Min. 2.5 GPA. Up to $250 during a calendar year. Deadlines: March 31, June 30, September 30, and December 1.

- **Cultural Heritage Fellowship** Provided to encourage applicants in performing and transmitting the visual, literary, and performing arts of Alaska Natives. Applicant must be accepted or enrolled in a seminar or conference approved by The CIRI Foundation.
- **General Fellowship** Provided for approved non-credit workshops, seminars and preparatory/study courses that broaden an applicant’s understanding and appreciation of education, society, and directly relate to the improvement of the applicant’s employment skills.

**Internship Program (Paper Application)**
The purpose of the Internship Program is to partner with employers to assist eligible applicants with supervised on-the-job training that will provide practical work experience consistent with career preparation. Available to original enrollees of CIRI and their direct lineal descendants. Must be at least 18 years of age and have a high school diploma or GED. Should be enrolled or recently completed an accredited two-year degree program, four-year degree program, graduate degree program, or technical skills training program at an accredited or otherwise approved post-secondary institution. Minimum 2.5 GPA. Contact TCF for application and deadline information.

**Village Scholarship and Grant Programs**
The CIRI Foundation administers non-BIA funds towards post-secondary education to Alaska Native original enrollees and their direct lineal descendants of Ninilichik Native Association, Inc. (NNAI) and Salamatof Native Association, Inc. (SNAI). Applicants may be considered for awards from both TCF General Endowment and the village funds. All Village Scholarship and Grant programs are subject to available funding.

- **Ninilichik Native Association, Inc. (NNAI) Scholarship and Grant Program**
  Merit-based scholarships available for original enrollees of NNAI, their direct lineal descendants, and Alaska Native NNAI shareholders. Must be accepted or
enrolled in an undergraduate or graduate degree program or technical skills training program. Minimum 2.5 GPA. Deadlines: June 1 and December 1 for scholarships, and June 30 for grants. 

Note NNAI eligibility requirements were updated in 2017– contact TCF or NNAI for more information.

• Salamatof Native Association, Inc. (SNAI) Scholarship Program
Established in 1992 by the Salamatof Native Association, Inc. to offer merit scholarships to original enrollees of SNAI, their direct lineal descendants, and spouses. Must be accepted or enrolled full-time in an undergraduate or graduate degree program or technical skills training program. Minimum 2.5 GPA. Deadlines: June 1, December 1.

Tribal Councils and Associations of the Cook Inlet Region

Several tribal governments and regional associations located within Cook Inlet Region administer federal Native American higher education scholarship and education grant programs for eligible and qualified Alaska Native members. Tribal councils and associations are also a resource for culturally relevant and unique opportunities.

Chickaloon Village Traditional Council
9255 N. Glenn Highway, Chickaloon, AK 99645
Ph: (907) 745-0749 F: (907) 745-0709
www.chickaloon-nsn.gov

Cook Inlet Tribal Council, Inc. (CITC) Scholarships
 Administered by: The CIRI Foundation
www.thecirifoundation.org | tcf@thecirifoundation.org
Anchorage, AK | Ph: (907) 793-3575 | (800) 764-3382
Provides scholarship funding to eligible Alaska Native CIRI shareholders and direct lineal descendants who meet the program eligibility and program requirements. Deadlines: June 1 and December 1.

• Tribal Higher Education Scholarship
 Administered by: The CIRI Foundation
Provides scholarship awards to pursue a higher education at an accredited college, university, or training facility. Deadlines: June 1, December 1.

• Alyeska Match Scholarship
 Administered by: The CIRI Foundation
Offers matching financial aid to eligible applicants that are receiving other CITC funds to attend college in fields specified by Alyeska (see page 26). Deadlines: June 1, December 1.

• Mellen Shea Scholarship
 Administered by: The CIRI Foundation
Provides scholarship awards to applicants pursuing undergraduate or graduate degree in education. Must be attending a school in the University of Alaska system or Alaska Pacific University, residing in Anchorage, AK and committed to becoming a teacher in Alaska, preferably in Anchorage, AK. Deadlines: June 1, December 1.

Cook Inlet Tribal Council, Inc. (CITC) Vocational Training and Career Development
3600 San Jeronimo Drive, Anchorage, AK 99508
Ph: (907) 793-3600 | (877) 985-5900 | www.citci.org
Provides vocational training funding and other services to eligible Alaska Natives who meet the program eligibility and program requirements.

• Alaska’s People Career Development Center
 is open to all Alaska Natives living in the Anchorage area as a walk-in resource for those seeking employment and training opportunities.

• Tribal Training Grant
Alaska Natives and American Indians residing within the Cook Inlet region may apply. Program offers funding to eligible students pursuing short-term certification or vocational training for job enhancement and/or employability at an accredited training facility. Deadline: Open.

Note: CITC itself provides only vocational training grant funding opportunities. For degree-seeking students, CTC’s funding is administered through The CIRI Foundation.

Eklutna Inc. Scholarship and Grant Program
 Scholarships Administered by:
The CIRI Foundation
3201 C Street, STE 506 Anchorage, AK 99503
Ph: (907) 793-3575 | (800) 764-3382
www.thecirifoundation.org | tcf@thecirifoundation.org

 Grants Administered by:
Cook Inlet Tribal Council, Inc. (CITC)
3600 San Jeronimo Drive, Anchorage, AK 99508
Ph: (907) 793-3600 | (877) 985-5900 | www.citci.org

Eklutna Inc.
16515 Centerfield Drive, Suite 201
Eagle River, AK 99577 | Ph: (907) 696-2828
www.eklutnainc.com
Offers unique and flexible programs that address potentials from early childhood development, general educational development (GED), career advancement, cultural/fellowship grants, and vocational or post-secondary education opportunities. Eligible applicants are original enrollees of Eklutna Inc. and their lineal descendants. Contact Eklutna Inc. for more information on early childhood and GED support.

Kenaitze Indian Tribe
35105 K-B Drive, STE A, Soldotna, AK 99669
Ph: (907) 335-7606 | F: (907) 283-3052
www.kenaitze.org
The Education and Career Development program supports the traditional Kahtnuht’ana Dena’ina value of education – passing down cultural knowledge and traditions and supporting formal education.
Scholarships are open only to tribal members; job training is available for unemployed and underemployed Alaska Native and American Indian applicants. Up to $4000 per academic year.

**Knik Tribal Council**
951 E. Bogard Rd., STE 101, Wasilla, AK 99654
Ph: (907) 373-7991 | F: (907) 373-2161
[https://kniktribe.org/](https://kniktribe.org/)
Job Placement and Training Program assists tribal members in developing a career and training plan. Employment and Training will assist as well in referrals to appropriate resources in the community.

**Native Village of Eklutna**
26339 Eklutna Village Rd., Chugiak, AK 99567
Ph: (907) 688-6020 | F: (907) 688-6021
[www.eklutna-nsn.gov](http://www.eklutna-nsn.gov) | nve@eklutna-nsn.gov

**Native Village of Tyonek**
B Street, Tyonek, AK 99682
Ph: (907) 583-2201 | F: (907) 583-2442

**Ninilchik Native Association, Inc.**
15700 Sterling Hwy, Ninilchik, AK 99639
Ph: (907) 567-3866 | [www.nnai.net](http://www.nnai.net) | nnai@nnai.net
Provides scholarship funding to eligible Alaska Native shareholders and direct lineal descendants of Ninilchik Native Association. Min. 2.5 GPA required. Deadlines: Scholarships June 1 and December 1; Grants June 30
*Funding is administered through The CIRI Foundation online application.*

**Ninilchik Traditional Council**
P.O. Box 39070, Ninilchik, AK 99639
Ph: (907) 567-3313 | F: (907) 567-3308
[www.ninilchiktribe-nsn.gov](http://www.ninilchiktribe-nsn.gov)
Provides scholarships to tribal members graduating Ninilchik High School (one special scholarship per year), and scholarships to those attending an accredited educational institute. Adult vocational training is also available for Alaska Natives living within Ninilchik tribal boundaries.

**Salamatof Native Association, Inc.**
*Administered by: The CIRI Foundation*
[www.thecirifoundation.org](http://www.thecirifoundation.org) | [tcf@thecirifoundation.org](mailto:tcf@thecirifoundation.org)
Anchorage, AK | Ph: (907) 793-3575 | (800) 764-3382
Provides scholarship funding to eligible Alaska Native shareholders and direct lineal descendants of Salamatof Native Association. Min. 2.5 GPA required. Deadlines: June 1 and December 1.
*Funding is administered through The CIRI Foundation online application (see page 18).*

**Seldovia Native Association Foundation**
P.O. Box L, Seldovia, AK 99663
Ph: (907) 234-7625 | (800) 478-7898
[snai.com/sna-foundation](http://snai.com/sna-foundation) | [snai@snai.com](mailto:snai@snai.com)
Provides scholarships to full-time students enrolled in an accredited undergraduate or graduate program that are SNAI shareholders or descendants. Awards based GPA, min. of 2.0 for scholarships.

**Seldovia Village Tribe**
Drawer L, Seldovia, AK 99663
Ph: (907) 234-7898 | F: (907) 234-7865
[www.svt.org](http://www.svt.org) | [svt@svt.org](mailto:svt@svt.org)

**Tyonek Native Corporation/Tebughna Foundation**
1689 C Street, STE. 120, Anchorage, AK 99501
Ph: (907) 646-3115 | [tebughnafoundation.com](http://tebughnafoundation.com)
info@tebughnafoundation.com

- **General Semester Scholarships**: for students who are taking 2-year or 4-year college classes, either enrolled part-time or full-time. GPA minimum of 2.0, funding amount varies with GPA. Scholarships are awarded by semester. See website for deadline.
- **Vocational/Technical Training**: Vocational Grants are for students who are enrolled in a vocational or technical training. Visit website for award amounts. Applications are due 30 days before start date.

I am so happy I decided to go back to school. It is so fulfilling to learn and grow.
**Alaska Native Regional and Education Foundation Scholarship**

**Ahtna Region**

Ahtna, Inc.
110 W. 38th, Anchorage, Alaska 99503
Ph: (907) 868-8250 | F: (907) 868-8285
www.ahtna.com

The Walter Charley Memorial Scholarship (WCMS) Program funds Ahtna shareholders to assist in meeting their educational goals. Funding for the Walter Charley Memorial Scholarship is provided by Ahtna, Incorporated. The priority of the WCMS is to help support direct educational expenses including tuition, student registration fees, course required books/supplies, and other school-related expenses.

**Aleut Region**

The Aleut Foundation (TAF)
703 W. Tudor Rd., STE 102, Anchorage, AK 99503
Ph: (907) 646-1929 | (800) 232-4882 F: (907) 646-1949
www.thealeutfoundation.org | taf@thealeutfoundation.org

Provides scholarships to Alaska Native original enrollees and their descendants of The Aleut Corporation, Aleutian Pribilof Islands Restitution Trust, and Isanotski Corporation. The Aleut Foundation has a variety of scholarships to serve a spectrum of student needs. Whether you're a returning student or a young high school graduate, postsecondary educational opportunities are within your reach. TAF issues scholarships in the following categories:

- **Honors** Enrolled full-time with a minimum 3.5 GPA.
- **Exceptional** Enrolled full-time with a minimum 3.0 GPA.
- **Achievement** Enrolled full-time with a minimum 2.5 GPA.
- **Merit** Enrolled full-time with a minimum 2.0 GPA.
- **Part-Time** Enrolled in at least 3 credit hours with a minimum 2.0 GPA.
- **Graduate** Enrolled in a minimum of 6 credit hours, maintain a 3.0 GPA, and be admitted into a graduate program.
- **Working Full-Time** Enrolled in at least a minimum of 9 credit hours, maintain a 2.0 GPA, and provide a letter from their employer stating the student is working more than 30 hours per week. (This student will be considered a full-time student).
- **Advanced College Credits** Enrolled in high school taking college courses and maintain a 2.0 GPA. Students will need to apply each semester for this scholarship.

**Aleutian Pribilof Islands Association (APIA)**

1131 E. International Airport Rd., Anchorage, AK 99518
Ph: (907) 276-2700 | (800) 478-2742
www.apiai.org | apiai@apiai.org

Assistance for eligible, tribally enrolled, full-time (12 or more credits) students to attend an accredited institution for higher education to obtain an associate or baccalaureate degree. Provide documentation of tribal membership of Akutan, Belkofski, False Pass, Nikolski, Nelson Lagoon, Pauloff Harbor, and Unga and reside on island or in any Alaskan community or U.S. city.

APIA also administers training assistance programs which includes leadership opportunities, On-the-Job Placement (OJP), internships and vocational training up to 24 months (non-concurrent) can be eligible for some stipend and/or training funding. I want to be part of creating a healthy and positive Native community. I feel I can do that through earning my degree, being a role model for my children, and serving this community as an RN.
XIII: Internship Opportunities

Internships provide opportunities for students to gain on-the-job work experience within the student’s field of study. An internship may be paid, unpaid, or partially paid in the form of a stipend. Typically, internships are part-time during the university year, full-time in the summer, and often last 6-12 weeks. The following is a listing of important internships for Alaska Native and American Indian students.

Alaska Conservation Foundation
Anchorage, AK | Ph: (907) 276-1917
www.alaskaconservation.org
Administers a paid 12-week summer internship program for undergraduate and graduate students who plan a career in conservation, environment, justice, or closely related fields. Alaska Natives encouraged to apply.

Alaska Legislative Internship Program
Juneau, AK | Ph: (907) 796-6115
www.uas.alaska.edu/internprogram
Legislative Internship Program available to students attending UAA, UAF, UAS, APU, or University of Utah. Must be in a four-year degree program, have junior standing, or be at graduate level. All majors may apply who have completed one political science class and have not worked for pay with the AK legislature during the past two years. 30 hours per week minimum, Monday thru Friday during the legislative session. Student will earn 12 undergraduate or 9 graduate credits for internship, a stipend, and students outside of Juneau will receive travel and relocation allowances.

Alaska Native Tribal Health Consortium Internship
Ph: (907) 563-2662 | www.anthc.org/internships
Provides limited scholarships and/or a 9-week paid summer internship, or other arranged IHS internship, for Alaska Native/American Indian students at all levels.

Alaska Science Center, Biological Science Office
Anchorage, AK | Ph: (907) 786-7000
www.usgs.gov/centers/asc
Alaska Native Internship Program offers training and education for Alaska Native students. College credit and wages earned for the 10-week internship program.

Alyeska Pipeline Service Company
Anchorage, AK | Ph: (907) 787-8117
www.alyska-pipe.com/employment
Alyeska Internship offers 12-week paid internships for college students attending an accredited university. Applicable majors include accounting, engineering, business, project management, safety, technology, natural science, environmental science, and audit. Internships are available in Fairbanks, Anchorage, Valdez, and at pump station locations.

American Bar Association Diversity Clerkship Program
www.americanbar.org
Provides summer work experience in business law to Native American and other student members of the American Bar Association (AABA) and its Section of Business Law who will help the section to fulfill its goal of promoting diversity.

American Indian Science & Engineering Society
Albuquerque, NM | Ph: (505) 765-1052
www.aises.org | info@aises.org
Provides merit-based scholarships and internship programs. 10-week internship program at various federal, tribal, and private organizations.

Andrew W. Mellon Advanced Training Program in Object and Textile Conservation Internships
https://americanindian.si.edu/
Provides students and professionals involved in conservation of museum collections with an opportunity to participate in a training program at the Smithsonian Institution’s National Museum of the American Indian.

ACHIEVE Research Partnership
Toronto, Ontario, Canada | www.ontario.cmha.ca
For those who have completed a PhD or Master’s degree program within the last three years. The fellowship lasts for two years. Fellows are required to work onsite in Toronto, Canada. Research focus can be inner city health and/or indigenous health, or a research focus of your choice.

APA Minority Medical Student Summer Mentoring
www.psychiatry.org
Provides funding to Native American and other minority medical students who are interested in working on a summer project with a psychiatrist mentor.

Baker Hostetler Diversity Fellowship Program
www.bakerlaw.com/diversityfellowshipprogram
Provides summer work experience to Native American and other minority law school students.

Biomedical Research Training Program for Underrepresented Groups
www.nhlbi.nih.gov/grants-and-training
Provides training in fundamental biomedical sciences and clinical research disciplines to Native Americans and other undergraduates, graduate students, and post-baccalaureates from underrepresented groups.

Bullivant Houser Bailey Law Student Diversity Fellowship Program
www.bullivant.com/diversity
Provides financial assistance and work experience to Native American and other law students who come from a minority or disadvantaged background.
CDC Minority Internships & Fellowships
www.cdc.gov/minorityhealth/internships.html
Provides opportunity for minority undergraduate through doctoral students to conduct research at Prevention Research Centers (PRCs) funded by the U.S. Office of Minority Health and Health Equity (OMHHE).

Central Intelligence Agency Internship
Washington, D.C. | Ph: (800) 368-3886
www.cia.gov/careers
Provides an internship program for high school seniors planning to enroll in a 4-or 5-year college program and college freshman or sophomores enrolled in a 4-or 5-year college program. Applicants must maintain full-time college status during the school year. Applicants must work during summer breaks in metropolitan Washington, D.C. while in college. Interns receive an annual salary and up to $18,000 scholarship per academic year for tuition, fees, books, and supplies. Minimum 3.0 GPA. Minimum 18 years old by April 1 of high school senior year.

Challenge Alaska Therapeutic
Anchorage, AK | Ph: (907) 344-7399
www.challengealaska.org
Recreation Internship provides adaptive sports, therapeutic recreation and education for people with disabilities. Each intern will have the opportunity to experience everything Challenge Alaska has to offer, with an emphasis in certain areas. Minimum 16-week internships are available summer and winter.

Chugach Alaska Corporation
3800 Centerpoint Dr., Anchorage, AK 99503
Ph: (907) 550-4150 | (800) 368-3886
www.chugach-ak.com
Administers an internship program for Chugach Alaska Corporation shareholders and descendants of shareholders. Provides resources to full or part-time students attending college to obtain their degree while gaining work experience. Interns work under the supervision of a manager of Chugach Alaska Corporation or one of its subsidiaries/business partners. Minimum 2.0 GPA. High school graduate or GED.

The CIRI Foundation Internship Program
Anchorage, AK | Ph: (907) 793-3575 | (800) 764-3382
www.thecirifoundation.org | tcf@thecirifoundation.org
The purpose of TCF’s Internship Program is to assist eligible applicants in obtaining supervised on-the-job training that will provide practical work experience consistent with career preparation. TCF supports eligible intern-hosting organizations with a reimbursement of up to 50% intern wages and employer payroll taxes. Applicants must be enrolled in an accredited two-year, four-year, graduate, or technical skills training program, or a recent graduate. Minimum 2.5 GPA.

In addition, TCF usually offers a summer internship opportunity for students to work within TCF’s office. TCF recipients interested in education, philanthropy, or related fields are strongly encouraged to apply. Contact TCF for more information.

Anchorage, AK | Ph: (907) 276-4441 | www.fbijobs.gov
Provides paid and unpaid internships available with the FBI nationwide. Administers the following programs: Honors Internship, Volunteer Internship, Visiting Scientist Program, National Security Internships, and Middle Eastern Foreign Language Honors Internship Program.

First Alaskans Institute
Anchorage, AK | Ph: (907) 677-1700
www.firstalaskans.org | info@firstalaskans.org
Provides a Summer Internship Program that places Alaska Native students who are in good academic standing and are college juniors, seniors, or graduate students into organizations around Alaska to develop Native leadership.

Geocorps American Indian Internships
www.geosociety.org
Provides work experience in national parks to American Indians and Native Alaskans who are student members of the Geological Society of America (GSA).

I wish to learn more of my culture and background in order to bring recognition and pride to our community.
Harvard University
Cambridge, MA | Ph: (617) 495-1581
https://orgs.law.harvard.edu/els/jobs-internships/
Student internship allows applicants to assist EPA/Tribal agencies with environmental issues. Interns receive a limited travel/housing allowance and can earn $4,000 during their ten-week internship. Must be a US Citizen and possess a valid driver’s license, and must be majoring in a field related to environmental studies.

Indian Land Tenure Foundation
Little Canada, MN | Ph: (651) 766-8999 | www.iltf.org
Provides full-time, paid internships positions over the course of 10 – 12 weeks (400 hours). Salary provided with potential additional funds for living and relocation expenses. Must be willing to travel and interact in new or different environments socially and culturally.

Interior Community Health Center
Fairbanks, AK | Ph: (907) 455-4567 | (866) 455-4567 | TTY (907) 458-1587 | www.interiorhealthalaska.com
Seasonal and summer internship positions available in health related fields. Locations available in Fairbanks and Healy, Alaska.

James E Webb Internships
www.smithsonianofi.com
Provides internship opportunities throughout the Smithsonian Institution to Native Americans and other minority upper-division and graduate students in business or public administration.

JTBF Judicial Externship/Clerkship Program
www.jtb.org
Provides work experience to Native American and other underrepresented law students who plan to seek judicial clerkships after graduation.

Judicial Intern Opportunity Program
www.americanbar.org/groups/litigation
Provides an opportunity for Native American and other traditionally underrepresented law students to gain experience as judicial interns in selected courts during the summer.

Koahnic Broadcast Corporation
Anchorage, AK | Ph: (907) 793-3500 | www.knba.org
KBC provides professional development, educational opportunities, and internships to increase the number of Native people engaged in media careers.

Mickey Leland Energy Fellowships
https://orise.orau.gov/mlef/
Provides summer work experience at fossil energy sites of the Department of Energy (DOE) to Native Americans, other underrepresented minority and female students.

Minority Access Internship
www.minorityaccess.org
Provides experience to Native American and other minority graduate students interested in internships at participating entities in Washington D.C. and throughout the United States.

MCHC/RISE-UP Program
Baltimore, MD | Ph: (443) 923-5879
www.kennedykrieger.org
For undergraduates in their junior or senior year, or who have recently graduated with degrees in psychology, social work, biology, nursing, public health, sociology, or related disciplines who are from underrepresented populations and who are interested in learning about disease prevention. Ten weeks during the summer. Other program sites include South Dakota and California. A stipend is provided for participants, and housing/travel aid is available.

The Morris K. Udall Foundation
Tucson, AZ | Ph: (520) 901-8500 | www.udall.gov
Native American Congressional Internship program provides a ten-week summer internship in Washington, D.C., for Native American and Alaska Native students who wish to learn more about the federal government and issues affecting Indian Country. The internship is fully funded: the Foundation provides round-trip airfare, housing, per diem for food and incidentals, and a stipend at the close of the program.

Mt. Edgecumbe Hospital
Sitka, AK | Ph: (907) 966-2411
search.org/careers/education-training/
Provides a summer internship program and a Pharmacy Externship Program for Native students at Mt. Edgecumbe Hospital and the SearHC Juneau Clinic. Available to students attending high school, college, or technical programs. Provides a travel stipend.

Multicultural Advertising Intern Program
https://foundation.aaaa.org/maip.html
Provides Native Americans and other minority students with summer work experience in advertising agencies and presents them with an overview of the agency business.

Museum of the North
Fairbanks, AK | www.uaf.edu/museum/education/
Museum Internship for University of Alaska students studying education, anthropology, rural development, archaeology, northern studies, history, and other humanities or science based disciplines.

NABL Governmental Affairs Summer Associate Program
www.nabl.org
Provides an opportunity for Native American and other minority law students to learn about municipal bond law at a summer internship at the Governmental Affairs Office of the National Association of Bond Lawyers.

National Museum of the American Indian
Conservation 6-Month Pre-Program Internship
https://americanindian.si.edu/connect/internships
Provides an opportunity for students planning to enter a graduate training program in art conservation to learn more about the field during an internship at the Smithsonian Institution’s National Museum of the American Indian (NMAI). Several deadlines each year.

National Park Service Internships
Washington, D.C. | www.nps.gov
An opportunity for undergraduate and graduate students to explore the cultural resources/historic preservation field. Each summer and academic year, the Cultural Resources
Diversity Internship Program offers paid internships with National Park Service park units and administrative offices, other federal agencies, state historic preservation offices, local governments, and private organizations.

Pathways for Students and Recent Graduates
Washington, D.C. | Ph: (202) 606-1800 | usajobs.gov
Provides high school, undergraduate, graduate, vocational, professional, technical, and trade students with paid internships related to their chosen career path and allows students the chance to explore Federal careers. Must be at least sixteen years old, a U.S. citizen, and in good academic standing. Interns may work part or full time, and may work with the agency to set expectations for their internship. Pathways to Federal Careers also has a Recent Graduates Program that provides one-year career development and training.

Peabody Museum of Archaeology and Ethnology
Cambridge, MA | Ph: (617) 496-1027 | www.peabody.harvard.edu
Provides a variety of experiences for interns, including curatorial research, archives, public programming, and others. At the end of the internship, interns give presentations to the staff. Provides a small stipend.

Providence Hospital
Anchorage, AK | Ph: (907) 212-6400 | www.providence-alaska.jobs
Nursing Internship Programs are offer both classroom and practical content in Adult Critical Care, Progressive Care, Acute Medical or Surgical Care with the Children's Hospital at Providence.

Recruitment and Retention of Alaska Natives into Nursing (RRANN), University of Alaska Anchorage
Ph: (907) 786-4550 | nursing@alaska.edu | www.uaa.alaska.edu/schoolofnursing
The RRANN program is run through UAA to increase the number of Alaska Natives and American Indians graduating with a two-year or four-year degree in the nursing program. Offers mentoring and tutoring services, financial assistance, on-campus housing, childcare assistance, stipends, and internship opportunities.

Salvation Army
Anchorage, AK | Ph: (907) 276-2515 | https://alaska.salvationarmy.org/
Volunteer opportunity: volunteers provide assistance in a variety of areas from social services to office work to character building activities. Background checks are required for anyone working with children and adults.

School for Advanced Research
Santa Fe, NM | Ph: (505) 954-7200 | www.sarweb.org
Located as part of the Indian Arts Research Center, the School for Advanced Research has several opportunities for indigenous artists, social scientists, and writers including internships, resident scholar, artist, and writer programs.

Semester Internships in Geoscience Policy
www.americangeo sciences.org
Provides work experience to Native American and other geoscience students who have a strong interest in federal science policy.

SEO Corporate Law Program
www.seocareer.org
Provides summer work experience to Native Americans and other students of color interested in studying corporate law.

Southeast Alaska Conservation Council
Juneau, AK | Ph: (907) 586-6942 | www.seacc.org
Provides paid internships throughout the year, including summer, for college students, graduates, and other volunteers. Program requires a minimum 10-week commitment. SEACC will pay for round-trip travel to Juneau.

Summer Transportation Internship Program for Diverse Groups
www.fhwa.dot.gov/education/stipdg.cfm
To enable Native Americans and other undergraduate, graduate, and law students from diverse groups to gain work experience during the summer at facilities of the U.S. Department of Transportation (DOT).

SUNY College of Environmental Science and Forestry
Syracuse, NY | www.esf.edu
SUNY offers fellowships to Native American students attending ESF. The fellowship includes an annual scholarship and research experience. Students are offered mentors and hands-on learning experience in the field of environmental science. Must have combined science and math SAT scores of 900 and a minimum 85% grade on high school transcript.

Tanana Chiefs Conference
Fairbanks, AK | Ph: (907) 452-8251 | www.tananachiefs.org
Provides various jobs, training, internships, and youth programs for TCC & Doyon tribal members as well as Alaska Natives and American Indians who reside in Fairbanks area or in one of the villages TCC serves.

Visiting Research Internship Program at Harvard Medical School
www.mfdp.med.harvard.edu
Provides an opportunity for medical students, especially Native Americans and other underrepresented minorities, to conduct a mentored research internship at Harvard Medical School during the summer.

William Randolph Hearst Endowed Fellowship
Washington, D.C. | www.aspeninstitute.org/programs
The fellowship, which is based on academic excellence and need, is open to both undergraduate and graduate students of color. There are three fellows selected throughout the year. The Hearst Fellow serves as an intern with PSI in the Washington D.C. office of the Aspen Institute.

WMACCA Corporate Scholars Program
acc.com/chapters-networks/chapters/national-capital-region/special-programs/corporate-scholars-program
Provides a summer internship in the metropolitan Washington D.C. area to Native Americans and other students at law schools in the area who will contribute to diversity of the profession.
XIV: Education & Employment Resources

This section contains other services available in Alaska for individuals interested in post-secondary education, training, and employment opportunities.

Alaska Adult Education (AAE)
Ph: (907) 465-4685 | jobs.alaska.gov/aae
AAE includes basic skills, life skills, literacy, English as a second language, GED studies, and testing for adults 16 years and older.

Alaska Apprenticeship Training Coordinators Association
Ph: (907) 562-0075 | www.aatca.org
Provides information about training opportunities available to Alaskans not offered in traditional school settings.

Alaska Dept. of Vocational Rehabilitation
https://labor.alaska.gov/dvr/
Each year, the Division of Vocational Rehabilitation (DVR) helps hundreds of Alaskans with disabilities prepare for, get and keep good jobs. If you want to work or keep working and have a physical, intellectual or mental condition that makes this hard, you may be eligible for vocational rehabilitation (VR) services.

Alaska Career Information System (AKCIS)
Juneau, AK | Ph: (907) 465-2962
https://acpesecure.alaska.gov/
AKCIS is an online service that provides career information software and tools on Alaskan occupations, programs of study and training, Alaska and national post-secondary colleges and vocational training schools, military occupations, as well as job search and apprenticeship information.

Alaska Job Center Network
www.jobs.state.ak.us
Alaska-specific job searching database that includes information on job training, public assistance, “Hot Jobs,” and more. Connects with many other state websites and services.

Alaska Job Corps
Ph: (800) 733-5627 | https://alaska.jobcorps.gov
A residential training center for 16-24 year old Alaskans, Job Corps is free of charge and includes students’, room, board, uniform allowance, and up to two years of self-paced training toward a job or career.

Alaska Native Hire
Ph: (907) 263-5173 | www.alaskanativehire.com
Operated by CIRO, Alaska Native Hire is for all Alaska Native people to use as a job and resume searchable database for both job seekers and employers.

Alaska Native Tribal Health Consortium
Ph: (907) 729 1301 | careers@anthc.org
www.anthc.org
Connect with Alaska Native culture and help provide health services to Alaska Native and American Indian people around Alaska. Jobs are not limited to Anchorage, and cover fields from accounting to engineering and nursing to support services.

Alaska’s People Career Development Center
Ph: (907) 793-3300 | www.citci.org
Alaska’s People Career Development Center is a walk-in resource center for those seeking employment or training opportunities co-located alongside the Alaska Department of Labor and Workforce Development at the CITC Career Development Center. This center is open to Alaska Native and American Indian individuals and offers career guidance, job search assistance, workshops, and a computer service center with printer and internet access.

Alaska Small Business Development Center
Ph: (907) 786-7201 | (800) 478-7232 | www.aksbdc.org
Provides free, confidential technical business assistance and low-cost business training. SBDC has been helping Alaskan businesses begin, prosper, and grow for over twenty years. SBDC is funded in part through a cooperative agreement with the U.S. Small Business Administration.

Anchorage Municipality Jobs
www.muni.org/jol
Apply for jobs working with the Municipality of Anchorage; both union and non-union fields available. Applicants may also request to be notified of specific opportunities and seek volunteer positions.

Alaska Vocational Technical Center (AVTEC)
P.O. Box 889, Seward, AK 99664
Ph: (907) 224-3322 | (800) 478-5389 | www.avtec.edu
AVTEC is a division of the Alaska Department of Labor and Workforce Development. Established as a vocational and technical training center that offers a variety of training programs available in Seward, Anchorage, and via distance education courses online.

AHAINA Multicultural Center at the University of Alaska Anchorage
Ph: (907) 786-4070 | www.uaa.alaska.edu/multicultural
Offers the following Student Services at the University of Alaska Anchorage campus: Academic Success Workshops and Seminars, Academic Support, Essay Writing Workshops, Financial Aid Workshops, Health and Wellness Workshops, Multicultural/Diversity Education Programs, Peer Mentors, Student Advocacy and Intervention, Scholarship and Internship Information, Tuition Waivers, Freshman Foundation Program, and the Sophomore Success Program.

I will remain persistent and will keep working hard until I reach all of my education, career, and life goals. I firmly believe I will meet my goals and succeed in this career field because of my education.
CIRI Job Opportunities
Ph: (907) 274-8638 | dgraham@ciri.com
www.ciri.com/shareholderhire
Offers annual career fair to learn about jobs with CIRI and affiliates, plus apply in person for available positions. Also maintains a website of all open CIRI and CIRI subsidiary positions in a wide range of fields for which CIRI shareholders and descendants are encouraged to apply. Also maintains an Alaska Native artist directory and directory of shareholder businesses.

Cook Inlet Tribal Council, Inc.
Ph: (907) 793-3300 | (877) 985-5900 | www.citci.org
Offers services that are open to anyone seeking a training opportunity. Promotes employment and training for Alaska Natives in Alaska. Assists employers with recruitment, screening, and evaluation of candidates for apprenticeship and training programs; refers qualified Native job seekers to employers on a statewide basis free of charge. Also may provide GED preparation.

Federal Job Search
www.usajobs.gov
Searchable database of U.S. Federal jobs at all levels. Includes links to internships and bridge programs. Applicants are able to save a profile and apply for multiple jobs. Locations and pay vary, as do closing dates and eligibility requirements.

LinkedIn
www.linkedin.com
Operates a business and employment oriented social media network for local or worldwide professional networking. Users create profiles and can include as much as little personal information as desired. Many companies post job ads on the network as third party applications, and job seekers can connect with individuals or organizations in their desired field.

U.S. Department of Veterans Affairs
1201 N. Muldoon Rd., Anchorage, AK 99504
Ph: (907) 257-4700 | (888) 353-7574
www.alaska.va.gov
Education and training benefits are available to veterans, current members of the Armed Forces, dependents, and to other eligible persons for post-secondary education program.

**XVI: WICHE Exchange Programs**

**Western Interstate Commission for Higher Education (WICHE)**
3035 Center Green Drive, Suite 200, 
Boulder, Colorado 80301 
Ph: (303) 541-0200 
www.wiche.edu | info-sep@wiche.edu

WICHE is a regional, nonprofit organization. Membership includes 16 western states and territories. WICHE’s members work to improve access to higher education and ensure student success. Their student exchange programs, regional initiatives, and research and policy work allow WICHE to assist constituents throughout the West and beyond.

If you are a resident of one of WICHE’s member states or territories, then you are eligible for consideration for reduced tuition rate offered at participating WICHE institutions. To be considered for the WICHE rate, apply directly to the institution(s) of your choice. Please note that WICHE does not set qualification criteria for applicants, nor do they process applications or participate in the student selection process. Equally important, the WICHE tuition rate is not automatically awarded to all eligible candidates. Most programs must limit the number of new awards each academic year, so apply early!

**WICHE Undergraduate Exchange Program (WUE)**
Alaska residents can enroll at reduced tuition rates in certain degree programs selected by participating institution in the other 15 western states and territories: Arizona, California, Colorado, Hawaii, Idaho, Montana, Nevada, New Mexico, North Dakota, Oregon, South Dakota, Utah, Washington, Wyoming, Northern Mariana Islands, and Guam.
Learn more here: www.wiche.edu/WUE

Alaska students pay WUE rate of 150 percent of resident tuition in the enrolling institution. Residents from the member western states may, in turn, enroll at the participating University of Alaska campuses in selected degree programs at WICHE Undergraduate Program tuition rates.

**WICHE Western Regional Graduate Program (WRGP)**
Alaska residents can enroll at reduced tuition rates in certain master’s and doctoral programs selected by participating institutions in 16 western states and territories. Residents from the member western states may, in turn, enroll at the participating University of Alaska campuses in selected degree programs at WICHE Regional Graduate Program tuition rates.

Students must meet all admissions requirements and deadlines. Learn more here: www.wiche.edu/WRGP

To be considered for the resident WRGP rate, apply directly to the department offering the WRGP program, or contact their graduate studies department.

**WICHE Professional Student Exchange Program (PSEP)**
The PSEP program allows students to enroll in out-of-state professional programs in 10 healthcare fields and pay reduced tuition. The fields are dentistry, medicine, occupational therapy, optometry, osteopathic medicine, pharmacy, physical therapy, physician assistant, podiatry, and veterinary medicine.

Apply directly to your home state, and become “certified.” This means you’re deemed a bona fide resident of your home state, eligible to compete for WICHE support (which is provided by your home state tax dollars). State residency requirements vary across the West. Visit www.wiche.edu/PSEP website for your state office’s contact information.

You must send your PSEP certification application to your state office by **October 15** of the year preceding admission.

I will remain persistent and will keep working hard until I reach all of my education, career, and life goals. I firmly believe I will meet my goals and succeed in this career field because of my education.
XVII: Final Tips for Success

This section includes some resources and information to assist you on your educational journey. From etiquette on working with professors to exam and study tips, this guide provides a starting place to help you be successful in whatever you desire to do. Most importantly, be aware of your own needs and health as you find your own path to success!

Successful Studying

How to schedule enough time: Multiply each credit in your schedule by three to see how many hours each week your course will take. A three credit course will take nine hours a week over a semester. This is a formula that works for online and traditional classes because it includes both the time you are with the instructor and the time spent on your own. Expect to spend at least two hours of study and homework for every hour of class in your schedule. This means for a course that is three hours of lecture or lab work each week, there will be about six hours on your own.

How to separate studying from downtime: Think of school as a full-time job (i.e. 8 am to 5 pm) and plan to spend at least 40 hours a week on your studies if you are attending full-time. Where feasible, dedicate set hours in a specific location solely to school work. This tricks your brain into taking studying as seriously as work and helps you succeed. It also lets you have space to mentally relax and refresh by having both physical places and time set aside for that. Tell your family and friends when you have set aside for schoolwork so they can encourage you to keep up but not be a distraction.

How to set up a home office for studying: If possible, set aside a specific area for schoolwork only. A whole room may be nice, but is not necessary to achieve the mental benefits of dedicated space. This can be a desk that is otherwise cleared of projects and papers with a portable room divider or curtain set up to block visual distractions from other parts of the room. Make sure everything you'll need is nearby and has a set place to put it away when you are done—printer, lamp, pens, paper, books, etc. Good lighting and comfortable furniture keep you focused by reducing physical discomfort. Reduce audio distractions by finding a quiet location, playing background music, or even wearing noise-cancelling headphones. Think about what works for you and make sure your selected space accommodates your preferences. Learn more here: 
www.elearners.com/education-resources/online-learning/how-to-set-up-a-home-office-for-online-learning/

How to stay motivated: Studying takes practice! It is like working out- set up a routine, organize your schedule to make sure it happens, and, if you like work-out buddies, find study buddies. If you like to exercise in the early morning, studying early may be easiest for you. Also like exercise, don’t be surprised if you hit a plateau and feel like you’re struggling to maintain your pace. This happens to everyone. Let your professor(s) know and see if they have any tips you haven’t tried yet. If nothing else, make sure you get enough sleep, water, and healthy food to get your mental energy back up.

How to get the most out of your school: Make sure you are using all the resources that you’ve paid for with your tuition and fees. Does your school have a writing or math center, and have you visited them? Have you found the professional librarians and gone to them for research help? Do you have access to career services or a tutoring consortium? Do your academic and other advisors know you by name? If you did not say yes to these questions, find out where these resources are and use them! These are common supports at many colleges, universities, and training schools paid for with student tuition and fees.

Check out the following online resources (in addition to what’s on page 10-11):
• www.how-to-study.com Includes a wide variety of study tips, including interactive quizzes to find out more about yourself so your time is used wisely, like learning if you’re a visual, verbal, or tactile learner.
• students.dartmouth.edu/academic-skills/learning-resources/learning-strategies/improving-memory-retention Includes information specifically for college students in a variety of formats (handouts, videos, etc.) to build successful study habits.
• study.com/articles/Studying_101:_Guide_to_Studying_in_College.html Guide to studying in college and links to further resources.
• www.loc.gov This site includes a basic and advanced catalog search of all subjects in the Library of Congress including books, periodicals, photographs, images, and sound recordings.
Tips on Tests

Placement Tests: Many schools require students to take a placement test prior to enrolling in classes. Some programs may require an additional placement test to be formally admitted after completing general studies. You can find out what tests your school uses and how to study for them from an academic advisor. If you scored lower than you expected and are referred to remedial or developmental classes, ask your academic advisor about retaking the test. Be honest with them if it was just text anxiety or if you really need a refresher.

Testing out of class/classes: You may be able to take a test and earn credit for a subject that you are familiar with, instead of taking a class and paying tuition. Some colleges will only allow you to do this a specific number of times, so make sure you understand all of their policies and procedures. Contact your advisor to learn more.

Tips for more successful testing:
- Sleep before your test!
- Study how you will be tested— if the test is online, be comfortable with the computer equipment available and find out if you will be allowed to use scratch paper etc. beforehand. If your test will be early in the morning or later in the day, try to study at those times so your biologic clock is in tune when taking the test.
- Make yourself a study guide or formula sheet, even if you aren’t allowed to use it for the actual test. This helps you organize your thoughts and remember important information.

DOs & DON’Ts of Professional Relationships

College professors have a large effect on your future and your educational experience. It is important to treat them with respect and build a professional relationship with faculty members throughout your college experience. In addition to learning in the classroom, you should look to faculty members for mentorship, research support, professional development, and as your ally when anything comes up while you are in college.

DOs & DON’Ts:
- Do refer to your professor as “Professor” or “Doctor” unless otherwise asked.
- Do read the syllabus before asking your professor a question; it is likely to be answered there, but don’t be afraid to ask because you are probably not alone in your question.
- Do visit faculty during office hours, or set up an appointment to speak with them. Be respectful of their time, ensure you are prompt, and go with your questions ready. Don’t be intimidated— most faculty are very friendly and love their subject, so they are happy to speak with interested students.
- Do ask your professors for help if you are struggling in a class, and ask questions early in the semester. Don’t put your struggles off until finals because putting it off doesn’t help.

Accommodations

Life happens, and not every test goes well or course is a good fit. Don’t stress out before finding out how something fits in the big picture. If something comes up in your personal life that you may need to take a leave of absence from school to deal with, remember that your school is more likely to be understanding than not. #1 is to communicate with your professors and the school’s support professionals about what is going on.

These people are then able to connect you with school and community resources, and help you figure out the best path forward. Each syllabus will explain your teachers’ policies regarding withdrawal, audit, “incomplete,” or other options, and your school’s student code or regulations will contain further information. Ask your advisor or the Dean of Students for help if you don’t understand your options. They are there to help you. Remember to consider the impacts to your scholarships and financial aid before making any changes to your student status.

So many of the things I have accomplished would have remained in a state of “someday” or “maybe next year” if not for generous help.
REFERENCE LETTER TIPS

Almost everyone at some point in time will be asked to provide a Reference Letter, whether it’s for employment, educational scholarships, or other opportunities that may further your success.

When asking an individual to provide you with reference letter, ask someone who knows you well and knows your potential to succeed in a particular career field or educational program. Possible reference sources may be your counselor, professor/teacher, supervisor, or colleagues. Family members are not viewed as an impartial reference source and should not be used. The CIRI Foundation keeps an applicant’s reference letter on file for three (3) years from the date it was written and signed.

The following suggestions may be helpful when you find an individual to write a reference letter for you:

- Give the referrer a copy of your resume and or educational description and describe why you need the reference. Your resume should list a stated purpose, work experience, educational history, and other accomplishments. If you know the referrer well, this will help the person write a better letter. The more he/she understands your objective and qualifications, the better reference he/she will be able to provide on your behalf.
- Ask the referrer to start the letter by describing how long he/she has known you and in what capacity. Include dates of employment and details about how he/she has worked with or known you.
- If the referrer is a past supervisor or co-worker, he/she should include your skills and performance and what makes/made you a good employee.
- The referrer should end by summarizing why he/she is recommending you for educational funding or a particular job. IMPORTANT: The letter should be signed and dated, and include the mailing address and phone number of the referrer or on company letterhead. This will provide the potential employer or educational funding office the necessary contact information to follow up if there are questions.
- Ensure that the reference letter is sent directly to you or addressed to the educational funding office. When you send out your resume or educational funding application, you should include a copy of each of the letters(s) and carry them with you to job interviews or to the educational funding office.

Send a prompt thank you letter to each of your references when you have completed your job search or received educational funding. It is wise to keep in close contact with your references for two reasons:

1) References can be a great networking tool to track down job leads or places to apply for additional educational funding, and
2) You may need their help again down the road.

RE: Reference Letter for (Applicant’s Name)

To Whom It May Concern:

I am writing this letter on (date). My name is (referrer’s name) and I was asked by (applicant’s name) to provide your organization with a reference letter so that he/she can complete his/her application to meet the requirements that he/she needs for educational funding.

- I have known (applicant) for (number) years.
- I am familiar with (applicant) as his/her (supervisor, co-worker, friend, etc.).
- I knew (applicant) to be a (talented, hard-working, loyal, etc.) employee.
- (Applicant) would be a (good, great, fabulous) candidate for the TCF Scholarship and Grant Program.

You may contact me at (referrer’s contact information) if you have any questions.

Sincerely,

(Signature of Referrer)

Give an Education.
An education is the best gift you can give, so please consider donating to TCF. More information is available on our website at www.thecirifoundation.org/connect.

Past recipient? Pay it forward.
As a former recipient, you have the opportunity to pay it forward and give back to other TCF recipients! Support someone's educational dreams.

Help students succeed.
The CIRI Foundation is also a nonprofit, making any donations you are able to provide tax deductible. Every contribution counts and every amount is meaningful. TCF accepts cash, check, in-kind donations and more. Please contact us if you have any questions.

The mission of The CIRI Foundation is to promote individual self-development and economic self-sufficiency through education and maintain pride in culture and heritage among Alaska Native people who are original enrollees of Cook Inlet Region and their descendants.
