

THE CIRI FOUNDATION STANDARDIZED GPA FORM

The CIRI Foundation (TCF) uses an applicant's GPA following the 4.0 model for consideration of applicant eligibility for awards. TCF also considers GPA in determining competitive annual awards. TCF recognizes that not all institutions use a standardized 4.0 model for GPA and student progress and success tracking.

This form may be submitted by students with GPA using a model other than a 4.0 GPA criteria reported on official transcripts. Official transcripts must also be submitted for award consideration.

This form must be completed by a school representative with the authority to confirm that the student is completing work at or above the GPA level required. The official document may be submitted to TCF by the student or directly by the institution. It is the applicant's responsibility to ensure that all documents are submitted to TCF by the stated deadline.
